was shown in the annual report of the company.

For the fiscal year ending Sept. 30, 1961, profits were \$7,100,164 on sales of \$86.444,767, as compared with profits of \$5,007,887 and sales of \$59,681,142 in the preceding year.

Developments thus far in the present fiscal year indicate that the upward earnings done?"

Something is being done at El Camino College. Police science courses are offered to result police officers and those interested in becoming police officers. Classes in penal code, juvenile delinquency, ingerprinting, and laws of arrest, are being taught by instructors who have had actual background and experience in

trend will be maintained by the company in 1962, Lawrence A. Harvey, chairman of the board, said. Expanded production facilities are available to fill orders which have already increased in volume over those of the year preceding, Harvey continued.

The report points out that the overall potential for use of aluminum continues to the courses they are teaching.

"WE HAVE a basic course in penal code, concerning the laws of the State of California, the history of the laws, how they briginated, legal points of law and elements of the law, from the standpoint of being enforceable in California," Hamp-ton related. "It takes fully a year to cover approximately

housing, automotive and electrical industries plan more widespread use of the metal. The lowered price of some aluminum products, he predicted, will also contribute toward higher consumption.

During 1962, Harvey plans to put into operation a newly acquired wrought aluminum courses of investigation will courses of investigation will cquired wrought aluminum roducts plant in Michigan. the company is also enjoying with the basic knowledge of the penal code.

THE POLICE science courses

13 departments in this area who are also hiring our students. Professionalization in police work is here. The City of Inglewood is now setting up requirements to include a minimums of 20 college units to be come a policeman." Hampton said. "One department has an educational bonus.

OFFICERS completing 20 college units in police science receive a \$20 raise. Some of the smaller departments have

City Records To Be Stored By County

Officials announced that the Board of Supervisors approved

for a period of five years and will cost the City of Torrance a total of \$18 for the service over the life of the contract.

In submitting the agreement to the Board of Supervisors the City of Torrance enclosed a check for the rental fee. The agreement had been signed by Mayor Albert Isen prior to be-ing sent to the Board of Super-

The supervisors pointed out that the county had provided the underground microfilm storage vault for the protec-tion of priceless official rec-ords in the event of a major

Contract to

A contract for rivet and bolt assemblies was awarded this week to the Hi-Shear Corp. by the National Aeronautics Space Administration at Hunts-

ville, Ala.

The contract, valued at slightly more than \$25,000, was part of a \$52 million award made to companies in 21 states by NASA.

IN BLACK AND WHITE . . . It's the law," explains John Hampton, Instructor, to penal code student, Donald Rood, Hampton, a retired Los Angeles Police Officer, is an instructor in the police science department at El Ca-

Weather Info Now **Available**

Dial-a-number weather in-formation service in a 24-hour basis was introduced by Pacific Telephone last week to telephone users in the Los Angeles area.

The new service started Dec. 22. According to James S. Cantlen, vice president and general manager of Pacific, it had been more than a year in planning to make it ready for the holiday season

Anyone in the Los Angeles area may now get current weather information and fore-casts by simply dialing 554-1212, Cantlen said.

Pacific introduced the serv-ice with the cooperation of George W. Kalstrom, meteorologist in charge of the U.S. Department of Commerce weather bureau at International Airport, who is supplying the forecasts and weather the data.

Annoucements have become a permanent part of Pacific's service. They are made second intervals day and night covering Los Angeles and vi
